REQUEST FOR FULLY-INITIALED 1449 FORM

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

A17 and A23-A30 were not initialed in the 1449 Form returned to Applicants with the Notice of Allowance. Applicants are filing this Request to ask the Examiner to initial these references. For the Examiner's convenience, a 1449 Form listing A17 and A23-A30 is enclosed herewith.

With regard to A17, it appears that the citation was not initialed due to an oversight, as there was no discussion why this citation was not initialed. As to A23-A30, the Examiner wrote

that these references are not prior art. During a telephone interview with the Examiner, the Examiner explained her belief to the undersigned attorney that it was improper to list pending patent application on a 1449 Form. Applicants brought the Examiner's attention to MPEP 609, which shows that it is proper to list pending patent application on a 1449 Form. See, e.g., MPEP 609, page 600-127 (Rev. 2, May 2004) ("U.S. applications must be identified by the inventor, the eight digit application number (the two digit series code and the six digit serial number), and the filing date."). The Examiner instructed the undersigned attorney to file this Request and stated that she would consider the references and initial the enclosed 1449 Form.

If the Examiner has any questions, she is asked to phone the undersigned attorney at (312) 321-4719.

Dated: November 22, 2004

Respectfully submitted,

Joseph F. Hetz
